AAO Resident Scholar Award 2020
General Information

AAO Resident Scholar Award

The AAO Resident Scholar Award program was established by the American Association of Orthodontists (AAO) in 2004. The AAO Resident Scholar Award offers an opportunity to graduate students/residents to present clinical research and basic science research using narrative material and a posterboard at the 2020 AAO Annual Session in Atlanta, GA.

Eligibility

The AAO Resident Scholar Award is open to AAO student members or AAO international student members who are currently a graduate student/resident pursuing a Certificate or Master’s degree in orthodontics (research must be completed during an orthodontic residency).

The first forty submissions will be selected to participate in the program. US and Canadian applicants must be or have graduated from an ADA or CDA accredited program. Up to 5 international graduate students/residents will be allowed to participate in the program if their application is within the first 40 received.

Only AAO student members or AAO International student members can submit an application for the AAO Resident Scholar Award program. Applicants must be AAO student members or international student members on February 1, 2020, the deadline for submissions. The finalists will be admitted on a first-come, first-served basis.

Each Orthodontic Program Chair is to select only one graduate student/resident to compete in the program. Only one submission per institution will be accepted.

Graduate students/residents who participate in the AAO Resident Scholar Award program are eligible to submit their research in the form of a publishable manuscript the following year, but not the same year, for the Milo Hellman Research Award, the Harry Sicher Research Award and the Thomas M. Graber Awards of Special Merit.

Payment and Awards

Each participant will be issued one complimentary ticket for the Excellence in Orthodontics Awards Luncheon and will receive a payment of $750 during the Excellence in Orthodontics Awards Luncheon on May 3, 2020.

The $750 payment represents a $500 honorarium and a $50 per day allowance for meals and miscellaneous expenses incurred while attending the AAO Annual Session. Participants are not required to submit travel expense receipts to the AAO for this payment.

Awards will be presented in each of two categories: clinical research and basic science research. Clinical research includes any healthcare science that determines the safety and/or effectiveness (efficacy) of medications, devices, diagnostic products and treatment regimens intended for human use.

- Could include human subjects or material testing
- May involve patient participants or virtual lab models
- Material testing
- Educational/behavioral research

Basic science research includes any one of the sciences (such as, but not limited to, anatomy, physiology, bacteriology, pathology, physics, or biochemistry) fundamental to the study of health.

- Involving basic biologic, chemical, molecular processes
- Often includes experimentation at the tissues, cellular and/or molecular levels
- Could include human or animal models along with the above

The award winners will be announced at the Excellence in Orthodontics Awards Luncheon. Award amounts are as follows:

Clinical Research — First Place Award $1,000
Clinical Research — Second Place Award $750
Clinical Research — Third Place Award $500

Basic Science Research — First Place Award $1,000
Basic Science Research — Second Place Award $750
Basic Science Research — Third Place Award $500

At the discretion of the judges, two additional awards for either basic science or clinical research can be awarded. These awards will be $500 each. The AAO Resident Scholar Award is an award which is a direct reimbursement for travel and lodging expenses not to exceed the amount of the award. Award winners will need to submit a completed AAO expense form along with receipts for lodging and travel expenses. These expenses cannot include meal costs.

How to Apply

1. Only online submissions are accepted. Complete and submit the application and abstract form available at https://www1.aaoinfo.org. Click on the Meetings tab > Annual Session 2020 Atlanta, GA > Awards. An application received without an abstract will not be considered.
2. Abstracts should contain the appropriate information under the following subheadings: background, purpose, research design, results and conclusions.

   Note: Research should be original and hypothesis-driven. Conclusions must be complete and not pending at the time of application.

3. Applications and abstracts will not be accepted after Saturday, February 1, 2020, at 6:00pm EST.

4. Applications will be reviewed by a member of the Council on Scientific Affairs for correct category placement.

5. Applicants will receive an e-mail notice of acceptance by February 10, 2020. Please provide an e-mail address that will be valid after February 10, 2020 so you will receive this notification.
