

## Heritage/Edward H. Angle Lecture

The Heritage Lecture, sponsored by the University of Tennessee, is an honorary lecture sponsored by annual and/or perpetual donors. It is a way to memorialize and honor individuals who have contributed to the rich heritage of the orthodontic specialty. This lecture features a specific aspect or issue of current clinical, academic or research interest that has its roots in the history of orthodontics and is significant to the contemporary practice of orthodontics or future direction of the orthodontic specialty. This lecture has been part of the AAO Annual Session since 1998.

In 2006 the lecture was renamed to the Edward H. Angle Lecture. This lecture features a specific aspect or issue of current clinical, academic or research interest that has its roots in the history of orthodontics and is significant to the contemporary practice of orthodontics or future direction of the orthodontic specialty. This lecture is named in honor of Dr. Edward Hartley Angle who is widely regarded as the father of orthodontics.
