2018 AAO/AAPD Joint Winter Conference

Early Orthodontic Treatment: Working Together for Excellent Results

Onsite Program and Exhibit Guide

February 9-11, 2018
Scottsdale, Arizona
Westin Kierland Resort and Spa

Register at aaoinfo.org.
Dear Colleague,

Welcome to the 2018 AAO/AAPD Joint Winter Conference!

We believe that orthodontic and pediatric dental attendees will find much to learn from each other, as well as from our expert lecturers. We hope that you find your knowledge of specific pediatric conditions and issues broadening as we absorb information from colleagues from both specialties and from lecturers representing a total of five countries.

And although the meeting schedule is full, we hope that you also find a little time to enjoy our beautiful conference resort.

We are glad you could join us. Thank you in advance for your contributions to the many enjoyable and fruitful discussions that we anticipate during this meeting.

Sincerely,

Nahid Maleki, DDS, MS
2017-2018 AAO President

James D. Nickman, DDS, MS
2017-2018 AAPD President

2018 American Association of Orthodontists and American Academy of Pediatric Dentistry

**Exhibit Hall Disclaimer**

By attending the American Association of Orthodontists (AAO) and the American Academy of Pediatric Dentistry (AAPD) Joint Winter Conference you acknowledge and accept that the AAO and AAPD have assumed no duty to review, investigate, or otherwise approve, and has not reviewed, investigated, or otherwise approved, the quality, type, message, nature, or value of any product or service marketed by attendees and exhibitors. As such, you should conduct your own independent research of such products or services, and the AAO and AAPD disclaim any liability for any damages to person or property arising out of any product or service.
Continuing Education Credit Hours
(16 CE credits available at this meeting)

American Association of Orthodontists is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

American Association of Orthodontists designates this activity for a maximum number of 16 continuing education credits. Credits are awarded on actual attendance at individual sessions.

CE Credit reports will be available via the mobile app. Reports may also be accessed from the convenience of your home or office computer following the conference. Go to aaoinfo.org/members > Education > CE Manager.

Please note that due to varying state/province/country continuing education requirements, it is the responsibility of the individual attendee to print their own CE hours report and to submit any necessary continuing education credit documentation to their individual state/province/country to determine what items are necessary to satisfy your continuing education requirements. The AAO does NOT mail CE reports.

Online Learning
The audio portion for most of the lectures presented may be purchased as a set. Most of the recordings will also include the speakers' slides as an integrated synchronized file. The recordings will be available on USB thumb drives and as a Web access link (or both as a combo purchase). The recordings may also be ordered on-site and also after the conference at slightly higher prices.

Audio Recording, Video Recording and Photography Policy
Attendees are not allowed to audio or video record any portion of this conference. This includes all lectures, the exhibit hall, activities or any other portion of this conference.

Scientific Program Policies
Cell phones and other electronic devices must be turned off or turned to silent mode. Please be courteous to the other attendees and leave the room if you need to converse.

The lectures are restricted to registered attendees only. Spouses, guests and children are not allowed in the lecture hall at any time.
Frustrated with the amount of time it takes to complete your clinical charts?

It’s time to make the switch to sassy

- Complete your clinical charts **at the same time** as your exam.
- Quickly view x-rays directly from a patient’s chart.
- Easily access patient’s dental history - all from one page.

Don’t just take our word for it - see Sassy in action: sassydental.com/2018demo
